

Waterways in Europe: Opportunity or danger?

Evaluation results for the meeting in Weilburg – pupils questionnaires:

1. What I have learned: (Harvest)

- about German history/landscape/food/the school system/Loreley/
- how to work in international groups/cooperation
- working with other people I did not know before in a nice atmosphere
- something about Arts/Music/Poems from different countries
- something about other countries and cultures
- Canoeing – is hard ;-)
